Youth and Young Adult Ministry
Permission Form for the use of text and email

In order for your Saint Anne employees/volunteers to email or text your son or daughter they must have your written permission to do this. If they do not have your permission they will not use either of these means of communication. The primary reason for using these forms of communication would be to send reminders of meetings/activities; or in general, addressing matters topical to **Youth Ministry**. Of course you can choose to pull out of this agreement at any time.
